There are a number of people in Rock county who either were unable to attend the meeting held last Saturday at the city hall in Janesville or who are not yet familiar with the object in view relative to securing additional rural routes for the country mail changes in present times. It is those not having enjoying free rural mail service may have the same privilege as others. If those who have not sent names and locations in this connection will write the Gazette a more proper petition, mail sections etc., will be sent with instructions as to what to do so that the matter may be brought properly before the authorities at Washington, D. C. Congressman Cooper has given assurance that action will be taken to remedy existing conditions and the opportunity for favorable work has never been better than now. Send your names in to the Gazette at once requesting necessary papers and instructions.

Chattanooga, Tenn., March 31.—Elaborate arrangements have been completed for a banquet and other appropriate festivities to be held tomorrow in celebration of the completion of the new million dollar Hotel Patten in this city, said to be the finest hotel in the south. Many public men and other persons of prominence throughout the country have been invited to attend the banquet.

Alhambra, Cal., March 31.—Many delegates are here for the twenty-third annual conference of the Pacific Coast Association of Unitarian Churches. The formal opening of the session takes place this evening and the proceedings will continue over Wednesday and Thursday. Church attendance, church finances, modern methods in Sunday school work, and the application of civil study to Unitarianism in the Sunday schools are some of the subjects scheduled for discussion. A number of prominent divines and church workers are among the participants.

 (San Francisco, Cal., March 31.—A 15 round go between Abe Attell and Battling Nelson is the magnet that is expected to attract a large number of fight followers to San Diego this night. Joe Gans was originally slated as Attell's opponent, but he was unable to keep the match and Battling Nelson was substituted. Attell and Nelson are looked upon as two of the speediest fighters in the business and are expected to put up as lively a bout as has been seen here in a long time. Nelson will have quite an advantage in weight, but in all other respects Attell is considered the equal of the Dane. Nelson must make 122 pounds at six o'clock. Attell will enter the ring weighing about 123 pounds.)

\$100,000 WORTH OF SEWER WORK WAS AUTHORIZED

BY THE COMMON COUNCIL AT SESSION HELD LAST EVENING.

BIENNIAL TAXES ABOLISHED

Question Raised as to Officer Sam Brown's Qualifications to Serve on Police Force—Detective Bill Again Passed Up—No Decision on Roller Question.

Rule 6 of the regulations governing appointments to the Janesville police force, passed by the board of fire and police commissioners on May 10, 1897, was cited by Ald. W. H. Merritt at the council meeting last evening as justification for withholding from the March salary list the monthly remuneration of Officer Samuel Brown, and on motion the fire and police committee and the city attorney were directed to examine Brown's application for appointment as patrolman and present a report at the next regular meeting. The rule, after stipulating the age and physical requirements necessary to qualify, declares that "No person will be appointed patrolman who is not a citizen of the United States and a legal voter in the city of Janesville, and who has not resided in this city at least three years immediately preceding the filing of his application." Ald. Merritt declared any person living or residing in the matter but was convinced that if it were true, as had been asserted, that Officer Brown voted in Sharon on the 24 day of last April and could not, therefore, legally qualify or make an arrest, it was time that something should be done about the matter.

Bills Again Held Up
The finance committee's report on bills included two items which were stricken out at the last meeting: Edward Tracy's claim of \$82 and Officer Samuel Brown's claim of \$18 for special detective service. Five aldermen—Buchholz, Jones, O'Hara, Sheldon, and Sheridan—registered negative votes on the motion to adopt this report and the question being presented to him for a decision, Mayor Heddles declared the motion lost. Later on Ald. O'Hara moved to reconsider the vote and when this motion had been passed, offered another stipulating the adoption of the report with the exception of the before-mentioned Tracy and Brown items. Mayor Heddles asked for some explanation of the opposition to these bills. Ald. O'Hara thereupon cited the charter as limiting the period of service of special officers appointed by the Mayor without confirmation or approval of the council, to two weeks. City Attorney Maxfield, being called upon for a ruling, cited the passage giving the city's chief executive the power to appoint special officers whenever, in his opinion, exigencies seem to make such action advisable, and the limiting clause which states that such appointments shall be in effect only from one council meeting to the next one. He then declared that there was no restriction on the council's power to approve at a subsequent time the action of the Mayor, even though his appointments should be in effect for a longer period than that specified. The whole matter lay in the discretion of the aldermen. Mayor Heddles stated that the appointments were made at a time when all manner of rumors of training maneuvers, military and sudden deaths were afloat and when some sort of investigation seemed absolutely necessary as a precaution. If not for the actual protection of the city, to have acquainted anyone excepting the chief of police with the plan, it seemed to him, would have defeated its purpose at the outset. He had been actuated by no motive other than the best interests of the city and he confessed that he was much surprised at the attitude assumed by the common council. Alderman Clark said that he believed that the Mayor had acted in good faith and that while some of the aldermen thought that it would have been better had they been consulted about it in the committee room, he was in favor of letting the question of prerogative pass in such a small matter where the merits of the question were perfectly apparent. Alderman Brown thought that the city's unwelcome reputation at the time as a "storm-center of crime" fully justified the mayor's action and that it was unnecessary for the aldermen to haggle over paying the just bills. Ald. O'Hara's motion to adopt the report, minus the two items, was passed and nothing further was done about the matter.

Deadlock on Roller Question
Immediately after a motion to adjourn had been lost by a vote of 4 to 4, Ald. Merritt called for action on the roller question and Ald. Brown introduced a resolution giving the Auditor, Geo. C. Perkins, to ship to Weston roller cars on a trial, the city to pay \$1,500 and tender the old Buffalo roller car for the balance of the list price. If the gasoline motor machine should be found satisfactory after a thorough test, Ald. Buchholz immediately condemned the plan as abominable and unfair and Ald. Sheridan demanded that the same privilege be extended to the Kelly-Springfield people. Ald. Clark told of what he had learned in a thorough personal investigation of the relative merits of gasoline and steam engines at the Fairbanks-Morse plant and elsewhere. Ald. Sheldon moved to amend the motion so as to give all the other roller manufacturers the right to send machines here subject to sale on the conditions mentioned in the various proposals. He later withdrew this amendment in favor of one introduced by Ald. Buchholz wherein it was stipulated that the matter be carefully investigated by the highway committee with instructions to report at the next meeting regarding the advisability of advertising for a contract of rollers. The Buchholz amendment and the original resolution were both lost, the vote being 4 to 4. Ald. Brown, Ald. Sheldon, Ald. O'Hara, Jones, and Buchholz lined up in a solid front against Alderman Clark, Brown, Merritt, Heddles, and Dull, and the Mayor, deciding each time in the negative. From all appearances, therefore,

the road-roller question is no nearer a solution than it was several months ago. Those who want a motor roller snap defiance to those who like for steam, and vice versa.

\$75,000 Sewer Plans Adopted
The council committee on sewers reported favorably, through Alderman Brown, its chairman, on the sewer plans submitted by the street assessment committee Monday evening, March 2, and published in full in the Gazette of March 3, with several additions, including the desired lateral on Palm street, between Mineral Point avenue and West Bluff street asked for in a petition presented as late as last evening. The report was adopted by a vote of 8 to 2. Alderman Brown and O'Hara voting "No"; and the resolution embodying the provisions of the report, ordering the committee to stipulating that it shall be paid for by special assessment and an item of city bonds; and instructing the street assessment committee to make the assessment, cause specifications and diagrams to be prepared, and open negotiations for the right-of-way for the main outlet sewer wherever it is necessary to cross private property, was passed by the same vote. In accordance with this program, the trunk line sewer on the east side which has its temporary outlet at Racine street, will be carried across Rock river and along Galena, 11th street, Western avenue, and the C. & N. W. right-of-way to debouch below the Janesville Electric Co.'s Montevideo power plant. Laterals are to be laid on Center avenue, Lincoln street, Park avenue, and St. Jackson street and the projected work on S. Second St., East St., and N. High street, which was not completed in 1907 will also be carried out. The aggregate cost of the work to the city and to individual taxpayers whose property is benefited will be from \$75,000 to \$100,000, but the bond issue will cover a period of twenty years, so that the burden any one year will scarcely be felt. The trunk lines should have been laid before any of the branches were built—years ago when the citizens at the polls voted that Janesville should have a sewer system and approved the plans which are now to be in a large measure carried out.

Main Outlet Sewer
It has been explained heretofore why operations are at this time made absolutely necessary, unless the whole scheme of carrying the city's sewage to a point where it will not endanger the health of residents, be abandoned or brought to a dead halt. Labor will be comparatively cheap this summer and this is another factor which has entered into the reckoning.

Offer to Replace Street Signs
The highway committee was granted further time for the consideration of an offer from the American Sign Co. of Clyde, Ohio, to replace street signs put up a year or two ago, which have not stood the weather. The condition that the city pay the freight and cost of hanging them, and the difference whenever it is deemed expedient to substitute a double placard for the single one, etc., it is estimated that it will cost the city about \$250 to act upon the suggestion.

Notice to St. Paul Railroad
Street Commissioner Sennett was directed by an order in serve notice on the C. M. & St. P. Ry. Co. to plunk to the full width of the thoroughfare on that portion of South Pearl street lying between the Center and Holmes street intersections, where its tracks cross the said highway. The work is to be done within 20 days after the service of the notice. If it is not done the street commissioner is directed to carry out the provisions of the order and have the cost of the same charged to the railroad company as a special tax.

Taxes Once a Year Hereafter
The ordinance providing for the adoption, in lieu of the special charter provisions, of sections of the Wisconsin statutes would do away with the present system of gathering in the taxes twice a year and substitute a single simultaneous collection of state, county, and city tribute money, was advanced to its third reading and placed on passage by a unanimous vote.

Some Appointments
Mayor Heddles appointed Edward Smith as assistant street commissioner or sidewalk inspector and the appointment was confirmed. The incumbent holds office from April 1 to Dec. 1 and his salary is \$80 a month. On motion of Chairman Sheldon of the committee on parks, James Hagony and William Fathers were employed to take care of the city's recreation places from April 1, at \$50 a month.

Improvements
Resolutions calling upon the street assessment committee to take the necessary preliminary steps toward the grading and re-surfacing with gravel of Washington street from the north side of Racine to the south side of Mineral Point ave.; and the improvement with gutters and curbing of N. High street from Racine to Madison, were passed.

The street commissioner was directed to redeek with old plank the bridge on S. Main street near the sugar factory and also the small structure near the Paul residence; to repair the roadbed of Prospect avenue from Milton ave. to Garfield with screen gravel; to build brick crosswalks over Washington avenue on the west side of S. High street, and over Lincoln street on the north side of Racine avenue and to soil Charles Snyder 1.50 paving brick to complete a sidewalk.

Miscellaneous Business
Mayor S. B. Heddles was authorized to borrow \$2,000 and place the same to the credit of the general fund.

The city clerk was instructed to advertise for bids for building standard cement walks according to the specifications established by the city, the proposals to be received up to 7:30 p. m. on April 13.

SORROW VISITED THE HAUMERSON HOME TODAY
Infant Son Passed Away at Eight o'Clock after Lingering in This World Eleven Days.

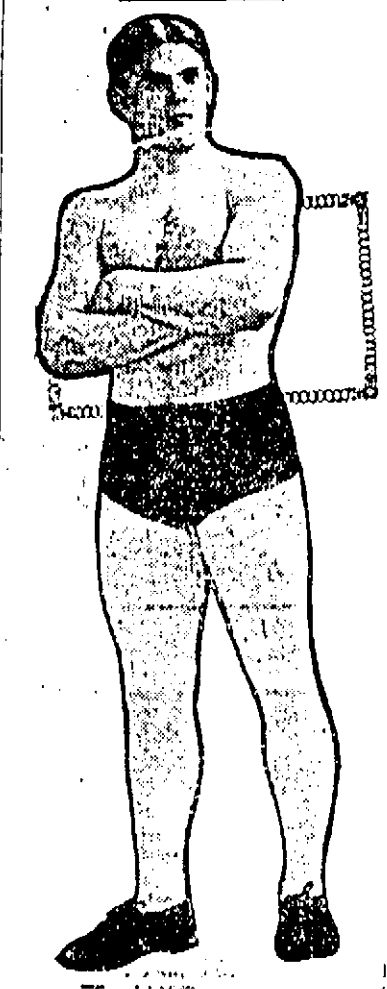

After eleven days of alternating hope and deep anxiety on the part of the parents, the infant son who came to the home of Mr. and Mrs. E. J. Haumerson less than a fortnight ago, quietly went forth to join the great majority at eight o'clock this morning. A private funeral service for

Robert Eaken Haumerson—that was the name they had given him—will be held at the residence, 206 South Main street, at five o'clock this afternoon. Rev. B. C. Denton officiating, and the interment will take place at Ft. Atkinson tomorrow morning. Whatever comfort there may be in the sympathy of a host of true friends will surely be with the bereaved parents at this time.

GO TO APPLETON TO PLAY BASKET BALL

High School Team Starts in the Morning to Meet Waukegan Tomorrow Evening.

Wednesday evening, April 1st, the Janesville high school basketball team will play the Waukegan high school team at Appleton in the Lawrence university gymnasium. This game decides which team will enter the tournament for the state championship, which begins Thursday. The boys going up tonight are Roger Cunningham, Floyd Hennison, Roy Crissey, and Frank Robertson, a sub; Mr. Vinyan also goes at this time. Ellsworth Strang and Stewart Richards went up the first of the week. Each team has won a game on their own floor, but the Janesville boys have a good show of entering the tournament.

FRANK GOTCH.

Chicago, Ill., March 31.—On April 3 Frank Gotch meets George Hackenschmidt in a wrestling bout that is to determine the world's championship. Both men are trained to the minute and are out for blood. It will be one of the greatest wrestling matches ever fought or seen and this is entirely due to the work of the United States under the direction of Colonel Gargus, pulled off in the west.

MRS. C. A. O'BRIEN

Announces Her Formal Opening For Wednesday, April 1st

Among the notable features of New Millinery Types in our opening display, one notes the largeness of the new shapes, the vast expanse and graceful sweep of the rolling brims, and the trimmings that rise to billowy heights. It is the old story of reversion to former types;—but a progressive note runs through the revived old styles of centuries ago.

The large hats for 1908 are light in structure, the trimmings airy.

You can see them all in our opening display—the extremes and the means—daring departures from recent standards, many strikingly effective and correct examples in the more moderately priced hats.

Flowers are used in profusion on the new hats this season. Ribbons find wide scope. Ostrich plumes are fluffier than ever and their brilliant colorings never more satisfying.

The decision you will reach is that our hats have never been more beautiful nor more practical—never more pleasing in shape, color blending and pose.

Prices, \$4.00 and up.

BRYAN BOOSTS LA FOLLETTE

PRAISES WISCONSIN SENATOR TO MISSOURI DEMOCRATS.

Nebraska and Judson Harmon Chief Speakers at Dinner in Kansas City.

Kansas City, Mo., Mar. 31.—Democrats from all parts of Missouri, to the number of 2,000, attended a banquet in Convention hall in this city Monday under the auspices of the Young Men's Democratic Club of Missouri, at which William J. Bryan and Judson Harmon were the guests of honor and principal speakers and the recipients of repeated ovations.

Each banqueter paid one dollar for the privilege of attending, even the distinguished guests insisting upon the Democratic prerogative of paying for their plates, and the affair was, probably the most elaborate political affair ever attempted in the state. Democratic clubs in St. Louis, St. Joseph and other cities of the state sent representative delegates to the dinner. Among the guests were four ex-governors of Missouri—T. T. Crittenden, David R. Francis, Senator William J. Stone and Alexander M. Dockery, together with the present governor, Joseph W. Folk. All of the candidates for state offices were present.

The meeting was essentially a Bryan affair, spontaneous enthusiasm marking every mention of his candidacy for the presidency. The reception accorded Mr. Harmon was no less cordial, and suggestions promising him high honors from his party were enthusiastically received.

Mr. Bryan's opening statement that "we have met to begin the campaign of 1908 and to present those principles and policies which ought to appeal to progressive Republicans as

MAN AND WOMAN MURDERED

MUSIC TEACHER AND HIS PUPIL FOUND DEAD IN WOODS.

Mysterious Double Tragedy Puzzles the Police of Cleveland, O.—Both Victims Shot Through Heart.

Cleveland, O., Mar. 31.—Detectives are searching Dundas woods for a missing revolver, upon which may hang a solution of the mystery surrounding the tragic deaths of Carl Bornthaler, 38 years of age, and Miss Lena Ziechmann, 30 years of age. The bodies of the man and woman, with their hearts pierced by a revolver bullet, were found early Monday in the forest in Cleveland Heights, just east of the city.

While murder and suicide first were suspected, the absence of a revolver led the coroner to declare that Bornthaler and Miss Ziechmann were murdered by a third person.

Bornthaler was a music teacher and a member of an opera house orchestra. Twice married, a widow and six children survive him. He has three sons, of whom Carl and Otto are musicians in Pittsburgh, Pa. By the first wife, whom he married in New York, he had three daughters, Elsie, now living in Los Angeles, Cal.; Antoinette, residing in Laporte, Ind.; and Lena.

Miss Ziechmann was a music pupil of Bornthaler, and also was a teacher of German in the public schools. She and her music master had been acquainted for many years. Her father is a local florist. Each left their home Sunday afternoon. They met in Dundas woods. The coroner thinks they came to their death during the early evening.

CHARGES AGAINST PINCHOT.

Chief of Forestry Bureau is Attacked in the House.

Washington, Mar. 31.—Charges of a serious nature against Gifford Pinchot, chief of the forestry bureau, were made in the house Monday by Messrs. Smith of California, and Mondell of Wyoming, during the consideration of the agricultural appropriation bill. Mr. Smith accused him of entering into a secret understanding with the city of Los Angeles with the view of securing to the city valuable water rights in the Owens river valley as against the interests of private parties having prior claims. Mr. Mondell denounced him for, as he charged, illegally paying the expenses of forest officials in attending conventions in the west in which the government had no part, and also of spending government money to boost his bureau in the newspapers. Mr. Pinchot was defended by Mr. Pollard, Nebraska, and Mr. Scott of Kansas.

The bill was under discussion all day and every line relating to the forest service was fought over, with the result that many provisions were stricken out.

The passage of a large number of bills of minor importance and an extended discussion of a measure to authorize the damming of the Snake river, Washington, occupied the entire time of the senate. The session was brought to a sudden close by lack of a quorum.

Old-Time Ball Player Dies.

Newark, N. J., Mar. 31.—Charles J. Sweeney, who played with the famous Cincinnati "Reds" under the management of Harry Wright, died Monday in the city hospital at the age of 61 years. Sweeney also played with the "Olympics" of Washington, the "Forest Citys" of Cleveland, the Boston "Red Stockings," and the Cincinnati and Providence National league teams. He retired from baseball in the early eighties.

Futile Attempt to Rob Bank.

RIDGELY'S RETIREMENT

The office of comptroller of the currency was established in 1863 with the enactment of the national banking act, and it is, next to the secretaryship of the treasury, the most important financial office in the country.

There have been eleven comptrollers in the past forty-five years, their average length of service having been a trifle over four years each. Mr. Ridgely, who has just resigned to become president of the National Bank of Commerce of Kansas City, has served nearly seven years, or two years over the average. The first comptroller was Hugh McCulloch, who served for two years, and afterwards became secretary of the treasury. Mr. McCulloch was one of the ablest men who served in the treasury department and has a high place in the history of American finance. John Jay Knox filled the office for twelve years, and holds the record for length of service.

Six of the eleven comptrollers left the office to become officers of banking institutions, namely Knox, Cannon, Hepburn, Beckels, Dawes, and now Ridgely.

If the Fowler bill should become a law, the office of comptroller of the currency would be stripped of a good deal of its present distinction, thus much as a large part of its powers would be divided among a number of boards having jurisdiction over different sections of the currency. If any change is made in the office of comptroller, it ought to be strengthened, and its salary, its tenure of office, and its dignity increased, so that there would be no temptation for comptrollers to leave the position to enter into banking. Mr. Ridgely has had a notable service in the office, and undoubtedly he will be instrumental in restoring the bank in Kansas City to a full measure of prosperity.

THE MITCHELL PROPERTY

One of the questions which is to be decided at the coming Spring election is the question of the purchase of the Mitchell property by the city to be used as a public park. The question as it appears on the official ballot is the first that is seen at the right to the top of the voting machines. It reads as follows:

"Shall the city purchase for use as a public park, the Mitchell property, being a block of land, bounded by West Milwaukee, South Academy, Pleasant and Marion streets, at an expense to the city not to exceed \$150,000?"

This is an important matter. It is one that deserves the approbation of every citizen of Janesville who looks into the future. The purchase of this property for a city park will mean much to the section of the city it is located in. It will mean more to the city as a whole. To the students of the High School it will also be a benefit. To the city of Janesville as an asset it would be invaluable. There is not a city in the country that has not begun to realize the value of small parks. Chicago is spending millions in creating new parks and making old ones more beautiful. Here an opportunity is offered the voters of Janesville to purchase a strip of land that will increase in value year by year, for fifteen thousand dollars. It is not a matter to be dismissed with a thought, but should be given careful consideration and then voted for.

Small parks are indications of prosperity of a city. In the Court House park and the Fourth Ward park, the city has two illustrations of what can be done to beautify a city. With the Mitchell property, adjacent to the depot, nearby the high school, convenient to the business district, an ideal location could be found for a park. It can never be bought as cheap again. It can not be passed up at this time with an idea it will be offered for the same price a year from now or two years from now. It is up to the voters now and they must decide the matter by a yes or no vote.

That roaring well on the Lathers farm might be called a Community howl or all right.

One of the latest stage gags heard in the Chicago theatres is that a man is so nutty that the squirrels follow him when he goes out. This might apply to the persons who oppose progress when spelled with a big P and desire prosperity with a small P, but always talk with a big I when it comes to personal achievements.

It might be a good thing to suggest that a law be passed prohibiting our national lawmakers from carrying guns or at least practicing shooting at a gallery. If need be they could have one established in the basement of the Capitol building.

Ruger will certainly have the solid Rock County vote for the supreme judgeship. Do not fail to cast a ballot for the local candidate for this office. His campaign has been one of dignity and personalities have not entered into it at all.

To read what the genial editor of the Beloit Daily News says about the awful editor of the Free Press, and then read what the snail editor of the Free Press says about the terrible editor of the Daily News, makes the outsider shudder with glee.

Do not forget this question of voting for the park system of Janesville by casting a ballot "yes" for the purchase of the Mitchell property in the fifth ward for park purposes.

The stars and stripes are too good to protect a man who sock red every time he looks. Drive them all back to the land of their birth or shut them up in prison.

Do not forget that there are delegates to the republican national convention to be chosen on election day—For Taft or For La Follette.

When we have that reform currency bill actually a law, what excuse will the big financiers have for creating the next panic.

Beloit is still having a good time with itself and before the election is over they will have become fighting mad.

That emergency currency bill has emerged from the Senate chamber at last to be riddled in the House.

Demon Hum is posing as a star attraction at the spring election in Beloit.

New York has undigested aliens as well as undigested securities.

Janesville has been put on the Chicago Autolists' map this year.

Beats His Daughter to Death.

Huntington, W. Va., Mar. 31.—George Conrad, a farmer of Wayne, W. Va., killed his six-year-old daughter by beating her with a poker, and fatally injured his wife with the same weapon. Jealousy is assigned as the cause. Conrad, who escaped, is still eluding the authorities.

Big Grain Company Falls.

Salina, Kan., Mar. 31.—The Parker Grain company, one of the strongest companies of the kind in central Kansas, went into a receiver's hands Monday. The assets are placed between \$75,000 and \$100,000 and it is stated the liabilities are in excess of those figures.

Student Accidentally Shot.

Delaware, O., Mar. 31.—W. J. Wolcott of Smithfield, a well-known Ohio Wesleyan student, was accidentally shot in the abdomen at the Edwards gymnasium Monday and probably fatally wounded by the discharge of a rifle in the hands of Miss Cornelia Albright.

CLINTON.

Clinton, March 31.—The last meeting of the 20th Century club was held with Mrs. Clyde McGee and was a very interesting session. The next meeting will be at the home of Mrs. Dr. Culver on Monday evening next.

It seems to be a settled fact that C. L. Hanson and wife are about to leave Clinton and that in all probability for good, much as it is to be regretted by all as their home has been sold to Mr. McGee and on Thursday they are to sell their furniture at auction.

E. C. Crandall of Oshkosh and Arthur Hovers of Delavan, Mr. and Mrs. Ray Bowers, also of Delavan, and Mrs. Matson of Darion attended the funeral of Dr. Wade Smith on Monday.

B. H. and Mrs. Lewis of Janesville were calling on Clinton friends on Monday.

Mrs. Tracy and the Misses Thom of Madison have been spending the past few days with Clinton relatives and friends.

Miss Edith Latta has been home for the past two days during vacation.

Sunday evening the Congregational church was filled with a delighted audience, composed of that and the Methodist societies, who had the pleasure of listening to a remarkably fine, interesting and instructive discourse.

Notwithstanding the night was stormy there was a large attendance at the Congregational supper and entertainment on Monday evening. At-

or the banquet there was the customary opening exercises, short addresses or greetings by Revs. Cooksley and Callaghan from the Baptist and Methodist churches and a fine address by Rev. I. N. Dexter, a former pastor, but now the societies' state missionary.

All of their old-time friends here will be glad to learn that the Post family are all alive and prospering. Rev. and Mrs. Post reside in Chicago, where Charles also resides with his family and where he is a professor in one of the large schools. Mary is married and lives at Northampton, Mass., Harriet is principal of a school at West Salem, Mass., Steven is manager of the Morse, Fairbanks & Co. branch at Los Angeles, Calif., Minnie is teaching near Chicago, Fred is bookkeeping in Chicago, while Gertrude, the youngest, is still at home.

Mrs. L. N. Dexter broke away from her family of ten children long enough to spend a few days here recently.

Rev. P. Cooksley was laid up a portion of the past week with a severe attack of the pink-eye.

Mrs. Dr. Thomas visited friends in Rockford last week.

S. R. Lewis and son were calling upon Clinton friends one day last week.

School will begin on Monday next.

A recent letter from one who was known here as Little Jones, who now lives at South Pasadena, Cal., is full of interest to her old-time friends here. In the first place, she is well.

Her sister, Margarette is to marry a prominent resident of the place in June and take an extended trip. Libbie is librarian of the city library and frequently is called upon to sing at funerals and concerts. Charlie is interested in Nevada mines, with headquarters at Salt Lake City. The orange crop is now at its best. J. W. Harbison and family have just moved into their fine new home in Pasadena, having sold their fruit ranch. They live near their daughter Leta. Mrs. H. while better is still very poorly and William suffers greatly from rheumatism. Their daughter, Grace, has been in the hospital and very poorly of late. Her sister Mary is in Pennsylvania as a librarian but is to be back in California and make that her home again after a few more months. She was very sorry not to have been able to be at the reunion here last year. Sarah is still on her Michigan fruit farm.

The storm of Friday evening was quite severe, there being considerable wind and lots of rain. A barn on the Johnson place, a few miles northeast of town, where August Hemming was living, was struck by lightning and burned, his cows, tools, feed, etc., being consumed. The barn on the farm occupied by Cassius Stumy was also struck. It was on the roof covering an opening and was knocked down, and his boy was stunned, two cows were also affected, one of them so much so as to necessitate its being killed. It also struck the house on the same farm, knocking off quite a little of the plastering, but fortunately no building caught fire.

Miss Phoebe Bailey of Delavan was quite sore, there being considerable wind and lots of rain. The barn on the farm occupied by Cassius Stumy was also struck. It was on the roof covering an opening and was knocked down, and his boy was stunned, two cows were also affected, one of them so much so as to necessitate its being killed. It also struck the house on the same farm, knocking off quite a little of the plastering, but fortunately no building caught fire.

Miss Phoebe Bailey of Delavan was quite sore, there being considerable wind and lots of rain. J. J. Pultz of Delavan, whom many a four people well knew, died quite suddenly last week.

Part of the roof of the main building of the Delavan state school was blown off by the storm of Friday evening. Buildings over Fairfield way were injured and a straw stack in Bradford was set on fire by the lightning.

Mrs. Clever insists that she felt the shock of the earthquake the other night.

Not Drifting

There is such a thing as drifting in business and professional life. Just leading along day by day, taking things as they come. Such a course does not get a man anywhere except nearer to the Porchouse. Dr. Richards in his Dental work is not a drifter.

He has a definite Policy.
He works towards an end.
That end is
To please his every patient just a little better than his competitors.

Does this policy win?
The facts are, his dental practice has grown during the last seven years until he has by far the largest dental business in Janesville.

Good work will win out.
Vigilant effort to avoid hurting also wins out.

Reasonable prices ought to appeal to your better judgment also.
Try him for your next Dental work, and you too will be convinced that he makes good.

APPLEBY DECIDES TO ACCEPT PLACE

RESIGNS AS CITY MARSHAL TO TAKE EFFECT TONIGHT.

BOARD MET AT FIVE TODAY

To Accept His Resignation—Sergeant for Office Will Begin Promptly.

William H. Appleby has tendered his resignation as city marshal of Janesville to take effect at 12, midnight, tonight, to the fire and police commission. The resignation is in the hands of Secretary C. C. MacLean of the commission and was acted upon at the special meeting of the commission.

W. H. APPLEBY
held this afternoon at five o'clock, on call of the President, Dr. W. H. Judd.

Dr. Judd, president of the commission, said this afternoon that he did not expect that any other action than the mere acceptance of the resignation would be taken this afternoon, and that he would call a second meeting later to elect Appleby's successor. He was not, however, certain this would be the course followed, but stated he would advise delay in choosing a successor to the present marshal until the field was thoroughly canvassed.

Appleby resigns after having served as city marshal for three years to accept the position of chief deputy United States Marshal under United States Marshal Rock Flint, the newly appointed official for the western district of Wisconsin. The position he steps into tomorrow morning is one of responsibility and his appointment was brought about by the combined endorsement of the two United States Senators and Congressman Cooper.

Mr. Appleby's resignation opens the field for an election of a new marshal. Thus far three candidates have been mentioned for the position—Officer John Brown, Undersheriff George Appleby and former Sheriff Wallace Corcoran. All have friends who are anxious to see their candidates win the coveted place and the decision of the fire and police commission, with whom the choice lays, is most anxiously awaited.

KNIGHTS OF GLOBE INITIATE A CLASS

On Monday Afternoon—Many Visiting Members Were Present From Nearby.

From the results of the efficient work of our recruiting officers, Sir Knight and Eminent Lady McCauley, who have been in our city for the past few weeks, a large addition of new volunteers have been added to our garden. On Monday afternoon there was a fine class of twenty-one initiated into the ranks of the Eminent Ladies' garden. The Eminent Ladies of Beloit were present and conferred the ranks which was done in a most beautiful and impressive manner.

After the initiatory ceremonies a beautiful supper was served at 6:30. Supper being over the Sir Knights' Garden conferred the ranks on eighteen new members. The rank staff from Fremont conferred the rank and conferred the degrees with great satisfaction to all present, even the candidates. Besides the Eminent Ladies who were present from Beloit were Eminent Ladies Hubbert and Williams from Evansville, Mr. and Mrs. Milligan of De Kalb, Vice President A. C. Schabel of Warren, Ill., Chas. G. Keck, Sub Secretary, Chas. Blumling, Chas. Bender, Rank Staff of Freeport, Ill., Harry Sert, Recruiting Officer of Evansville, also Recruiting Officer of Clinton, Wis., also Field Manager A. J. McNell of Des Moines, Iowa.

By a riding vote of all of the members a request was made requesting the supreme officers that our Recruiting Officers, Mr. and Mrs. McCauley, be retained here for another fifteen days. The request was granted.

Much praise and credit is due Janesville Eminent Ladies for their excellent supper.

GOLDEN WEDDING IS CELEBRATED TODAY

Mr. and Mrs. Ezra Dillenbeck Entertain Friends and Relatives Today.

Mr. and Mrs. Ezra Dillenbeck, who were married fifty years ago today, celebrated that occasion today at their home, 126 Milton avenue. Mr. Dillenbeck came to Janesville in 1865 and later married a daughter of Mr. and Mrs. M. K. Fritchard. The Fritchards and family came to Janesville in 1843 so that both Mr. and Mrs. Dillenbeck are old residents of this city. They have four children living, two sons and two daughters. The sons are Henry Dillenbeck of Burlington and Albert of Greenwood and the daughters are Mrs. H. S. Carhart and Mrs. Mae E. Snidley of Janesville.

Mr. and Mrs. Dillenbeck will entertain a number of relatives and friends, who attended their wedding fifty years ago, at dinner at their home on Milton avenue this evening.

OBITUARY.

Miss Adela Farquharson.
Miss Adela Farquharson died in Chicago on Friday, March 27, at 1:30 p. m. Miss Farquharson formerly lived here. She attended the Janesville high school and graduated in the class of '83. She moved to Chicago several years ago and was well known in Janesville. She leaves to mourn her loss three sisters, Mrs. Maria Moss, Miss Emma Farquharson, and Dr. Henrietta Farquharson, and one brother, Harry, and one cousin, Mrs. Mira Farquharson, all of Chicago. The funeral took place in Chicago.

Mrs. Ursula Heller.
The funeral of Mrs. Ursula Heller was held this afternoon at two o'clock from her home at 153 North Franklin street. The Rev. J. H. Tippet officiated and the interment was in the Oak Hill cemetery. The pallbearers were her four sons, Matthew, Jacob, John and William Heller, and two grandsons, Matthew Bowers and Edward Schmitt. The floral offerings were very beautiful.

Mrs. Margaret Baker.
The funeral of Mrs. Margaret Baker will be held tomorrow morning at nine o'clock from St. Patrick's church. A cousin, Mr. John Drow, went to Waukegan and returned with the remains this morning which were taken to his home on S. Jackson street.

Mrs. Lena Hilton.
Mrs. Lena Hilton, wife of L. L. Hilton died this morning at 3:30 at the Mercy hospital after a severe operation. She was born Sept. 7, 1870, in the town of Adams, Green county. She leaves to mourn her loss a husband, an infant daughter and three sisters. The sisters are Mrs. Martin Olson of Blanchardville, Wis., and Miss Anna Kelden of this city. One brother, Rev. A. O. Kelden of Eagle Hill, Alta., Canada, also survives her. The funeral services will be held from her late home at 54 N. Main Ave., Thursday afternoon.

DRESS FOR YOUNG MEN

THE best thing about this store remodeling is the fact that it gives you a chance to buy spring clothing, hats, furnishings, etc., at a saving—a little here and there—enough to make it a considerable object. Then, too, the pick from the VERY BEST is right here. We don't want you to buy the wrong thing, and for that reason we don't have it to sell.

RIGHT things in overcoats, styles right, quality right, tailoring right, and prices of course. You'll see here a dress overcoat with high buttoned collar that's a dandy. You'll find **\$15 to \$25** rain coats, topcoats, overcoats...

RIGHT thing in suits, browns of many kinds to name; the new English hairline stripes are a great feature; grays, tans and dark mixtures in all sorts of patterns **\$15 to \$25**

YOU want for your boys the kind of clothes we have here; they're marvels of quality and economy. Suits and reefer for boys from 3 to 17 years; smart, stylish, serviceable clothes, \$5 to \$8 50.

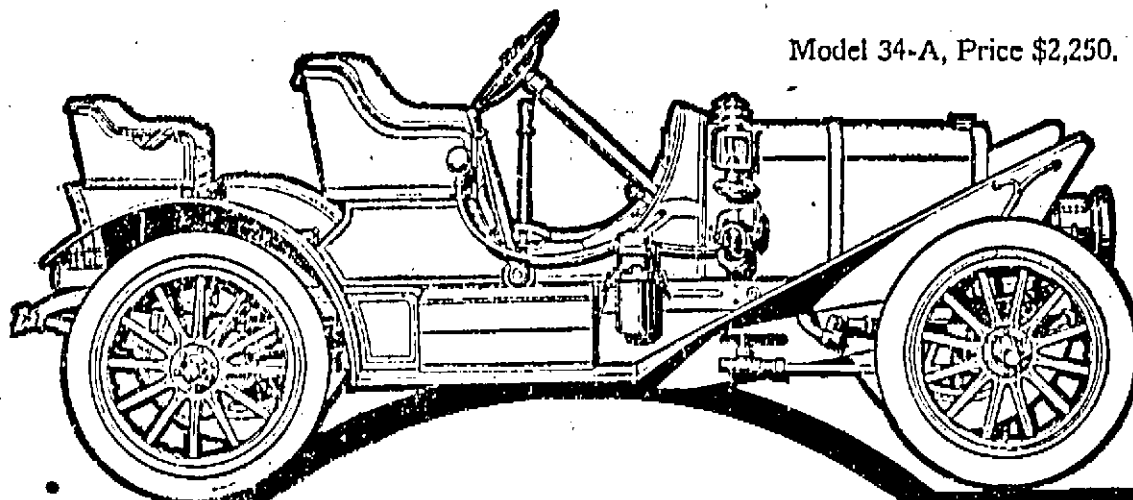

For older boys a very snappy line of new styles; clever ideas; at \$15 to \$25.

GET your head under a John B. Stetson hat for the looks of it; big line at \$3 50; at \$5 the Stetson "Special," Guyer hats at \$3, and a strong showing of smart styles at \$2.

OUR shirts get attention from every man who gets within range of them. For instance, you ought to see the Wilson or Cluetts we're showing at \$1.50; plaited or plain fronts; cuffs attached or separate. White with fancy black or brown stripe; the new smoke color, tans, blue, heliotrope, orange, in many variations of patterns, \$1.50 to \$2.50.

THERE are three entrances to our store. If during our rebuilding operations any one of the entrances is closed temporarily, you will find the others open and ready to admit you.
